EDUCATION

Full-Time Code Immersion Program

Tech Talent South, Charlotte, NC | Oct - Dec 2015

Studied full-stack web development through Ruby on Rails in an eight week intensive bootcamp environment. Learned test driven development, responsive design, agile methodology, and how to think critically when solving programming challenges. Completed several projects dealing with API's, databases, authentication, and user experience design.

Bachelor of Art

UNCC, Charlotte, NC | 2010 - 2012

Studied various areas of art including graphic design, digital media, and illustration. Minored in asian studies and studied abroad in both China and South Korea.

EXPERIENCE

Code Immersion Teaching Assistant

Tech Talent South, Charlotte, NC | Jan 2016 - Present

Assist students with learning full-stack web development, debugging and decoding error messages, understanding programming logic, and answer any questions about coding they may have. Also help students through slack with completing their homework assignments and group projects.

Front-End Developer

Tech Talent South, Charlotte, NC | Nov - Dec 2015

Was assigned to a team for our final project at Tech Talent South, and given 2 weeks to create a fully functioning web application. I came up with the idea to create a dating app that matched users based on their food preferences. I was responsible for the logo design and all of the front end development of the project.

Kids Code Teaching Assistant

Tech Talent South, Charlotte, NC, | Nov 2015 - Present

Helped teach HTML, CSS, and Ruby to children grades K-8. Was paired with a different student each week and assigned a project to work on together (Mad Libs program, Rock Paper Scissors program, and basic HTML and CSS web pages).

Certified Nursing Assistant

Comfort Keepers, Charlotte, NC | Jan 2014 - Present

Provided interactive care giving and cleaning in the client's home. Worked as a team with nurses to create, modify, and implement care plans. Received excellent performance reviews from both clients and supervisors.

Elementary Teacher

*Yeil Christian International School, South Korea
Feb 2013 - Sept 2014*

Taught core classes and electives for Elementary students. Created and taught Fine Art classes for both Elementary, Middle, and High School students. Planned, organized, and taught English immersion camps during the summer and winter breaks. Helped develop a student volunteer organization working with the local animal shelter.
